ELSIE INITIATIVE FOR FIELD MISSIONS’ FACILITIES & INFRASTRUCTURE

29 May International Day of UN Peacekeepers

Geeta Belas, Cristina Popescu & Pierre Julien-Laferrière

Engineering Support Section, Sourcing Support Service
Logistics Division, OSCM, DOS

29 May 2020
### Elsie Initiative for Field Missions’ Facilities and Infrastructure: Goals

<table>
<thead>
<tr>
<th>Project objectives</th>
<th>Project deliverables</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Develop women-friendly accommodation standards in field missions and technical support for a successful implementation.</td>
<td>1. Technical guidance to be incorporated in new system contracts and propose policy changes.</td>
</tr>
<tr>
<td>2. Activities related to awareness raising and behavior changes in support of the GPS.</td>
<td>2. Increased awareness and positive behavior changes in field missions.</td>
</tr>
</tbody>
</table>

“Too few missions make an effort to be gender sensitive in the design of missions and mission life”
The results also show that the concerns from one site to another are largely the same, although the living conditions and environment are radically different.
